About Home Internet Lite

During congestion, Home Internet Lite customers may notice speeds lower than other customers due to data prioritization. Full speeds available up to data allotment; then unlimited at up to 128Kbps. Plus taxes & fees for accounts currently paying for a T-Mobile wireless line with additional taxes & fees: Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling \$1.40 per data only line (\$0.12 for RPF & \$1.28 for TRF) apply; taxes/fees approx. 3-12% of bill. Credit approval required. For use only with T-Mobile Gateway on network; no roaming. If canceling service, return gateway or pay up to \$370. Video streaming resolution depends on available speeds. For best performance, leave video streaming applications at their default resolution setting. Not compatible with some live TV streaming services. AutoPay Pricing for lines 1-8 on account. Without AutoPay, \$5 more. May not be reflected on 1st bill. Coverage not available in some areas. Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users. See [T-Mobile.com/OpenInternet](#) for details. See Terms and Conditions (including arbitration provision) at [www.T-Mobile.com](#) for additional information. Test Drive: Cancel within 15 days of Home Internet service activation. Limited-time offer; subject to change. Qualifying new Home Internet line and timely gateway return required. Refund via one-time bill credit. Max 1/account. May not be combinable with some offers or discounts.
